Section A – Basics (Short Answers)

1. What is PPC? Explain with an example.

PPC (Pay-Per-Click) is an online advertising model in which an advertiser pays whenever someone clicks on their advertisement.

Example: A laptop store runs a Google Search Ad for “Buy Laptop in Rajkot.” When a customer clicks the advertisement, the store pays Google for that click.

2. Difference between PPC and SEO

PPC	SEO
Paid advertising method.	Organic search optimization method.
Usually generates traffic as soon as ads are approved and shown.	Takes time to improve search visibility.
Advertiser pays for clicks in a PPC campaign.	No payment is required for each organic click.
Ads stop appearing when the campaign stops.	Organic visibility may continue over time.
Results depend on budget, targeting, and ad performance.	Results depend on relevance, content, technical health, and other ranking factors.

3. What is Quality Score? Factors affecting it.

Quality Score is Google's diagnostic rating, from 1 to 10, for a keyword in Search campaigns. It helps advertisers understand the quality of their ads compared with other advertisers.

The three main factors are:

1. Expected CTR: The likelihood that users will click the ad.
2. Ad Relevance: How closely the ad matches the user's search.
3. Landing Page Experience: How relevant, useful, and easy to navigate the landing page is.

4. What is CTR? Write the formula.

CTR (Click-Through Rate) is the percentage of ad impressions that result in clicks.

$$\text{CTR}=\frac{\text{Clicks}}{\text{Impressions}}\times100$$

Example: If an ad receives 100 clicks from 2,000 impressions:

$$\text{CTR}=\frac{100}{2000}\times100=5\%$$

5. Why is Landing Page Quality important for PPC?

Landing Page Quality is important because it helps users find the information promised in the ad. A good landing page can improve conversion rates and the landing page experience component of Quality Score.

A quality landing page should have:

- Relevant product information and pricing.
- Fast loading speed and mobile-friendly design.
- Clear calls to action, such as “Buy Now” or “Enquire Now.”
- Easy navigation and trustworthy contact information.
- A close match between the ad's message and the page content.

Section B – Practical Tasks

C. Final URL and Display URL

- Final URL: `https://www.example.com/cafe`
- Display URL: `www.example.com/cafe/coffee`

The example URL is a placeholder. Replace it with the actual café website or relevant menu/landing page before launching the campaign.

D. Ad Extensions (Assets)

1. Sitelink assets

Sitelink	Destination
Our Menu	`/menu`
About Us	`/about`
Photo Gallery	`/gallery`
Contact Us	`/contact`

2. Callout assets

- Fresh Coffee
- Delicious Snacks
- Cozy Ambience
- Friendly Service
- Comfortable Seating

3. Call asset

- Business name: The Corner Café
- Phone: Use the café's actual business number.
- Call-to-action: Call Now

4. Structured snippet asset

- Header: Services
- Values: Coffee, Snacks, Breakfast, Brunch, Desserts

These are mock campaign assets. Use valid destination URLs and a verified phone number when setting up the actual campaign.

Task 3: Campaign Structure

Campaign Name: The Corner Café – Search Campaign

- Campaign Objective: Generate café visits, phone calls, directions requests, and customer enquiries.
- Campaign Type: Google Search
- Target Location: Rajkot, Gujarat
- Daily Budget: ₹300 (sample assignment budget)

- Bidding Strategy: Maximize Clicks for an initial traffic-focused test.

Ad Group 1: Coffee & Beverages

Keyword	Match type
coffee shop	Broad
best coffee shop	Phrase
"coffee near me"	Phrase
[coffee shop in Rajkot]	Exact
[best café in Rajkot]	Exact

Ad Group 2: Food & Café Dining

Keyword	Match type
café near me	Broad
"brunch café"	Phrase
"café with snacks"	Phrase
[café in Rajkot]	Exact
[café for couples in Rajkot]	Exact

Match type examples: Broad = keyword without symbols; Phrase = "keyword"; Exact = [keyword].

Negative Keywords

Add these campaign-level negative keywords where appropriate:

1. free
2. jobs
3. hiring
4. careers
5. recipe
6. home delivery (if delivery is not offered)
7. wholesale

Negative keywords help prevent ads from appearing for irrelevant searches. Review the Search Terms report regularly before excluding terms that could bring genuine customers.

Section C – Display Ads Task (NEW) □

Task 4: Create a Display Ad

Selected Business: The Corner Café

Campaign goal: Increase brand awareness and encourage customers to visit the café.

I created a café-themed display-ad design concept with a dark green background, coffee and croissant imagery, the message “Good Food, Great Vibes,” and a “Visit Us Today” call to action.
